## Fast Wash II Technical Data Sheet

Fast Wash II is a fast-drying, deep cleaning blanket and roller wash that is suited for small presses and duplicators. Cut ink without leaving greasy residue. Eliminate need to wait for blankets to dry before restarting the press.

### typical characteristics and features

Fast Wash II blanket and roller wash is formulated to have the following properties:

- Ink cutting without greasy residue
- Fast drying
- Deep cleaning

### technical information and handling

#### Physical properties

- Flash point: 62°F (17°C)
- VOC's: 6.2 pounds/gallon (100%)
- HMIS 2-3-0

#### Directions

Rollers: Apply Fast Wash II directly onto rollers, allow time for the wash to work into the roller. Engage wash-up blade to remove residue. Repeat as needed.

Blankets: Apply Fast Wash II with cloth by hand.

#### Application equipment

Fast Wash II is for use on all dampening systems.

### Ink suitability

Fast Wash II is used with both conventional heatset and cold set inks.

### Clean-up

See Safety Data Sheet for clean-up of spills and personal precautions.

### Storage considerations

See Material Safety Data Sheet for proper handling and storage recommendations.

### Safety, health and environment

Fast Wash II is to be used in accordance with normal standards of industrial hygiene and good manufacturing practice. Please refer to the supplied Safety Data Sheet for specific information. Safety Data Sheets will be supplied.

Printing inks, coatings and printing residues should be disposed of in accordance with local and national regulations.
